

Keywords

A

adjuvant	S43
adrenal preclinical Cushing's syndrome	S199
alarmin	S1
anchoring fibril	S154
anti-aging	S154
antioxidant responsive element (ARE)	S167
α -melanophore-stimulating hormone (α -MSH)	S202
α -synucleinopathies	S143
autoimmune disease	S278

B

bladder cancer cell line	S162
--------------------------------	------

C

cardiac surgery	S147
cardiopulmonary bypass	S147
chronobiology	S262
corticotrophin-releasing factor (CRF) ...	S193
corticotropin-releasing factor receptor ...	S62
cyclic AMP	S62

D

dendritic cells	S43
development of reproductive organs	S278
diabetes	S101
direct anti-tumor effect	S162
disseminated intravascular coagulation (DIC)	S1
division	S292

E

<i>E. coli</i>	S235
ectopic trypsin	S19
epididymis	S292
epididymo-testicular inflammatory change	S278
essential hypertension	S119

F

female reproductive activity	S262
fos	S202
function	S288

G

glucocorticoids	S62
glucose tolerance	S199

H

high-mobility group box 1 (HMGB1) ...	S1
histology	S292
human parvovirus B19	S12
hyperalgesia	S202
hypothalamus	S62

I

immortalized hypothalamic neuron	S193
immune mechanism	S262
immunomodulation	S109
inflammation	S101
inflammatory diseases	S137
influenza virus	S19
influenza-associated encephalopathy ...	S19
innate immunity	S35
insulin secretion	S89
insulinogenic index	S199
interleukin-1 β (IL-1 β)	S202
interleukin-10 (IL-10)	S67, S235
interleukin-12 (IL-12)	S35
iptakalim	S89
islet β -cell	S89

K

K _{ATP} channel	S89
Kir6.2	S89

L

leptin	S193
<i>Listeria monocytogenes</i>	S35, S67
low temperature	S202

M

macrophage	S167, S235
maintenance	S26
massage therapy	S188
memory CD8 ⁺ T cell	S26
milky spot	S288
mouse	S292
mucosal Immunization	S19

N

nano-particulated BCG	S162
natural killer cells (NK)	S43
NEDD8	S143
neuroimmune axis	S109
neuropathy	S101
neutrophil elastase	S147
nociceptin	S109
Nrf2	S167

O

omentum	S288
opioids	S109

P

pathology	S262
perinatal sex steroids	S278
peripheral blood mononuclear cells	S109
peroxisome proliferating activator receptor- γ (PPAR- γ)	S101
photo-aging	S154
platelets aggregation heterogeneity	S119
primary response	S26
promoter	S62
proteoglycan	S235
psychosocial relaxation	S188
pulmonary surfactant	S19

R

regional difference	S292
regulatory T lymphocyte	S278
retinoic acid-inducible gene-I (RIG-I)	S137
rheumatoid arthritis	S12

S

salivary chromogranin-A	S188
sepsis	S1
systemic inflammatory response syndrome (SIRS)	S147
single nucleotide polymorphisms (SNPs)	S119
spleen	S288
state-trait anxiety inventory (STAI) score	S188
stress	S262

T

thrombomodulin	S1
TICAM-1 (TRIF)	S43
Toll-like receptor (TLR)	S43
tumor necrosis factor- α (TNF- α)	S235
type 2 diabetes mellitus	S119
type VII collagen gene (COL7A1)	S154

U

ubiquitin	S143
ultraviolet radiation	S154
urocortin 2 (Ucn2)	S67

V

vasculopathy	S101
vasopressin V1a receptor	S119
